

The present invention provides a method of
5 expressing an antigenic molecule or a part thereof on
the surface of an antigen-presenting cell, said method
comprising introducing a molecule into the cell cytosol
by photochemical internalisation, wherein said molecule,
or a part thereof, is subsequently presented on the
10 surface of said cell. Methods of vaccination comprising
this method, together with compositions comprising said
cells and uses involving said cells expressing antigenic
molecules are also provided.
